- Step 3: Once you have login successfully, click “My Account” on the right to update your account profile.

Welcome to MASNET

MASNET is the communication network set up to provide efficient and secured communication and data exchange services between MAS and the financial institutions in Singapore. Today, MASNET has close to 1000 participating organisations comprising financial institutions, the Singapore Exchange (SGX) and government agencies using its services. MASNET services include submission of electronic regulatory returns to MAS, exchange of electronic payment instruction, platform for data exchanges between participating organisations and requests from banks for deposit and withdrawal of notes and coins.
